1.0

About us

Find out what makes us tick.

1.1

Introduction

Totals Solutions was launched in 2013 by a group of professionals with profound knowledge of the Logistics, Supply Chain Management, Warehousing, Inventory Management Solution.

Our team has a collective experience of more than 40 years of working with India's top Logistics and Supply Chain Management experts. In-depth understanding of Supply chain technologies along with business drivers helps us in providing the customized solutions to enterprises, small firms and start-ups.

We promise to deliver end to end solutions for each of our clients, which are not only cost-effective but also open a new paradigm in which all the future businesses will be conducted.

Our objective is to provide all our solutions based on clients requirement based on an in-depth study considering all the possible parameter's and inputs provided to us. This will help us in providing the best of the services to our clients who partner with us and take customer satisfaction to new heights.

About Us

Transforming businesses

Getting the right strategic vision is critical.

At Totals Solution, we are able to anticipate what the customer is going to want and how best to achieve it. It also includes defining the depth and scope of the changes and the redesign of internal processes and structures.

Most companies get the vision right, but the execution is the hard part.

Totals Solution acts as a strategic partner to all its clients.

“You guys have given us a solution which no one even thought off..Kudos.”

Umesh Thukural / Kwench Library

“Thank you for executing last minute projects for us.”

Ankita Karkera/ Singapore Tourism Board

About Us

Our unique approach

We first understand the client's requirement. The next step consists of a well written brief which is then shared with the concerned departments.

Saving costs, Executing the job in less time, Quality compliant are some of the values that our company endorses.

“Totals Solution surpassed every obstacle with ease & were a pleasure to work with.”

Nikhil Kubal / TCS

99%

Of our clients would recommend us.

“Totals Solution blends ingredients of Start-ups with characteristics of large companies.”

We're starting small, but we like to think BIG.

2.0

Services

What we do and how we do it.

2.1

Operations

Logistics | Warehousing |
Kitting | Packaging

Logistics management is a supply chain management component that is used to meet customer demands through the planning, control and implementation of the effective movement and storage of related information, goods and services from origin to destination.

We have a warehouse of 27,000 sq ft in space in Bhiwandi.

We undertake Kitting & Packaging services as well thus giving our clients a 360 degree solution.

At Totals Solutions, our Logistics management involves numerous elements, including:

- Selecting appropriate vendors with the ability to provide transportation facilities
- Choosing the most effective routes for transportation
- Discovering the most competent delivery method
- Using software and IT resources to proficiently handle related processes

2.2

Ecommerce

Catalogue Building | Order Management | Photography

The backbone of any online store is a well built catalogue.

It is vital that each and every product is grouped and well written content must be targeted to the audience.

We manage catalogue building services for clients right from data entry to product feature writing.

Each content project is overseen by a project manager.

You can easily trust our services to meet up with your requirements and expectations.

Take control of your order processes.

In today's competitive age, on time deliveries and great customer service is the basic needs of any ecommerce company.

We help clients in order management processes.

From warehousing their stocks, to printing labels, picking & packing, collating & distributing to one or multiple addresses. We service more than 1000+ ecommerce clients.

We maintain high standards of customer service.

This helps in customer retention, increased sales, repeat orders, smooth operations & happy customers.

2.3

Advertising Agency

Look out for fresh ideas.

We are a full service ad agency with audio visual, printing, photography & digital capabilities.

We build brands with 360 degree solutions.

We strive to add value into each project for our clients.

- Advertising Campaign Development and Management
- Branding Campaign Design, Development and Management
- Web Site Design and Content Management
- Mobile Site Design and Development
- Search Engine Optimization Services
- Social Media Management Services
- E-mail Marketing Services
- Video and Animation Design and Production
- Marketing Collateral Design and Production
- Trade Show Display Design, Production and Logistics
- Mobile app

2.4

CORPORATE GIFTING

We source gifting solutions for a number of corporate clients in India. Our dedicated team makes sure that the client receives top quality customer service. We have built good trade relations with vendors across India. We have supplied to big retailers as well as small businesses.

Till date we have worked with more than 200+ clients. We are here to help you with all your merchandising needs.

We do the running so you don't have to.

2.5

PROCUREMENT

SOURCING | CUSTOMISED BRANDING

We can source almost anything for you.

Sourcing can be a pain if you have short time and need to deliver a project within a deadline.

We are experts in sourcing products and shipping it to our clients.

We are experienced and have strong relationships with local vendors.

We take out the risk of buying from vendors.

We act like your partners and operate as your sole in house sourcing expert.

Sourcing from the right vendors can save costs and increase profitability.

We ensure that you receive quality products at the most cost effective price.

Totals Solution helps you in executing your imagination.

Customisation greatly affects the overall feel of the marketing objective. It requires time & effort, but the end result is fruitful. We make sure that we assist you in every level.

2.6

PRINTING

In Today's age, every business needs to have several marketing collaterals to promote itself. But choosing the right format & printing medium, can enhance the image of a business.

This division is supported by the Design & Web development team at Totals Solution, thus giving our clients a holistic 360 degree solution.

- Make a great first impression and make your company stand out in the market.
- Totals Solution is one of the leading commercial printers in Mumbai, India.
- What we offer –
 - Large Format Printing
 - Stationery.
 - Brochure Printing
 - Exhibition Stands
 - Banner Printing
- Marketers looking to design out of the box ideas to get noticed do not hesitate to get in touch with us.
